Suggestions for “on your feet” *Dare to Dance* Activities

- Get the whole school outside for a flash mob ... and make a fantastic video of it! Pick high energy music; keep the movement simple, fun and repetitive;
- What about a 5-minute mid-class movement break right in the classroom each day of the week? Use different movement theme each day of the week – i.e. twisting, floating, mirroring, stretching, circling;
- Have an elder or a dance expert from another culture or a dance studio teacher come into your school and lead some activities – we will do our best to connect you with an instructor in your area;
- Hold a good old-fashioned sock hop at lunch hour mixing the favourite tunes of students with those of the staff;
- For schools using rotation, how about getting your students groovin’ to music between classes – i.e. each class creates a simple dance phrase that they can repeat while moving to their next class;
- How many squares can you fit in the Gym for a barn dance?

- Have a Perform! artist direct NDW activities at your school – check their website for more details and availability - <http://performns.ca/>
- For activities at your school, why not pick movement themes based on movies that have famous dance scenes; think *Saturday Night Fever*, *West Side Story* etc.
- Ask your colleagues at other schools what they might be planning for this year's *Dare to Dance* challenge

Other ways to celebrate National Dance Week

- **Share** Canada's 2020 Dance Day message – **We will send you this year's message** from an inspiring Canadian dance artist **just as soon as it is released**. Do you have a student who loves to dance? Give them a chance to deliver the message to the whole school over the P.A. or at an assembly and/or encourage fellow teachers to read it to their classes;
- **Show** dance films and videos in the gym or classrooms;
- **Invite** a dance professional to your school to talk to students about dance studies and careers in dance. Don't know one? We might be able to help. Call us at 902-422-1749;
- Have your students **research and write** about their favourite dancer. Maybe it's someone local, maybe it's an internationally famous one!
- **Insert** dance-related topics in classroom curriculum – Health, Social Studies/ Geography, Language Arts, Music, Visual Arts etc.; use the French version of the NDW message as a teaching tool.
